## How to Get a Vision

By *gracelead*

Consider the vision process that Habakkuk demonstrates.

First, you must have a **burden**. Your vision must be bigger than you. It should come from God (**Jer 23:16**).

To get the vision from God, you must first pour out your heart to God. Let Him know your frustrations and how you are questioning Him (**Hab 1:1-2**). Spend time alone with Him (**Luke 6:12**). What is your **burden**?

Understand that until you are broken and humble, you are not ready to receive God's **vision** (**Hab 2:1-3**). You must be waiting on God for an answer (**Psa 39:7**).

When He speaks, document the plan He gives you. The act of putting it on paper (or e-file) forces you to face it and respond to it. Be ready and willing to make changes as God directs. Compared to God, you know nothing (**1Cor 8:2**). Keep believing, no matter what (**Hab 2:4**).

Finally, with humility and thankfulness, turn to God in **prayer** and praise (**Hab 3, Php 4:6-7**).
